

Countryside Conservation Funding Scheme
Research Activities on Countryside Conservation and Revitalisation

Project Number	EEB(EB) 27/24/11-61
Project Proponent	Environmental Association Limited
Project Title	Sha Lo Tung Baseline Contextual Study
Target Site	Sha Lo Tung Cheung Uk, Sha Lo Tung Lei Uk
Project Brief *	Sha Lo Tung (SLT) is over 300-year-old Hakka villages with rich cultural and ecological resources. Based on the recommendations of the Expert Group on Conservation of Sha Lo Tung (Expert Group), the project conducts thematic baseline studies on topics such as tangible and intangible heritage and its connections to local ecology and biodiversity; village clan lineages and socio-political structures; and visitor patterns and behaviour to consolidate baseline knowledge to SLT and develop constructive outcomes that serve as key reference for formulating SLT Master Layout Plan of eco-tourism initiatives, and developing the separate design briefs for the associated visitor facilities in the future.
Project Period	1 October 2026 to 30 September 2028
Grant Approved	\$2,494,200
